PROFESSIONAL EXPERIENCE

Highschool Intern | 2025

NASA & The Center for Space Research, UT Austin

- Selected as 1 of only 80 students from over 3,000 applicants nationwide
- Designed in Fusion 360, a 3D printed gondola system for a model airship
- Modeled fluid flow in Titan and Earth through AutodeskCFD

Busser, Waiter, Frontdesk | 2019-2025

Zwei Restaurant, Exton PA

- Delivered excellent customer service in a fast-paced environment
- 3D printed small fixes, troubleshooted printer/fax issues, fixed small repairs

ACTIVITIES AND COMPETITIONS

DECA International Competitor | 2024

Business Club – Hospitality and Services

- Presented business solutions to real-world roleplay prompts
- Developed critical thinking, marketing strategy, and teamwork skills

Class Vice President | 2025

Class Council – Downingtown STEM Academy

- Strengthened my ability to communicate clearly, make quick decisions, and lead under pressure

Technology Student Association Grade Representative | 2025

Class Council – Downingtown STEM Academy

- Evaluated and graded runoff competitions to help select qualifying projects for our school's regional TSA events.

VOLUNTEERISM

Makerspace Volunteer | 2025

Jacob's Tech Center & Makerspace, Chester County Library

- Introduced patrons of all ages to the basics of CAD, slicer software, and 3D printing
- Regularly performed 3D printer maintenance (Ender 5 and Voron 2.4)
